

OUR GOVERNORS

Little Heath Primary School

OCTOBER 2018

COMMUNICATIONS

We hope all the children have settled well into this academic school year.

The governing body would like to share some developments following our parent survey feedback letter which specifically focused on communication.

We are currently in conversation with a website provider which will enable us to streamline our communications with you.

All things being well we will be working with this developer over the next few months and are hoping to launch a new school website in the new year. The new website will provide the school with cost savings across over the next couple of years alongside helping to provide a dynamic platform to communicate with you.

OFSTED—ACTION PLAN

Following our OFSTED we have published an action plan on where our foci will be this coming year. This can be found under the School Information tab on our website under our school action plan. Also as mentioned in our last letter the subject leads for all subjects are published on our current website under the school information tab under staff list.

COME AND MEET US ON THURSDAY AT PARENT CONSULTATIONS

This term we will be available at parents evening if you would like to come and see us and share any thoughts you have on a new website or other suggestions that you think we may find useful.

We will also be holding another parent's breakfast in the second half of the autumn term when you can also come and share your thoughts and ideas about the school.

We look forward to working in partnership with you this coming year.

Our Role
